St. Thomas College (Autonomous), Thrissur

No. of Blood donation camps in 2021-2022: 6

St. Thomas understands the significance of blood donation for the goal of preserving priceless human lives. The best way to glorify God and provide the highest level of service to others is through blood donation. It is stated that a blood donor has no financial or physical losses.

Our college's NSS and NCC units effectively coordinate this function and have organised 6 massive drives to collect service hours for government projects. Students understand the value of saving lives in a modest but crucial way. They are a part of the group that visits to hospitals to assist patients who require an immediate blood transfusion. When it comes to blood donation and related services, St. Thomas continues to be a generous saviour.
